### Thirteenth Annual Wanderer Keel Awards

By Kenneth J. Souza

*The Wanderer* is once again pleased to announce the recipients of our thirteenth annual "Wanderer Keel Awards." This yearly award honors residents of Mattapoisett, Marion and Rochester who have contributed to the overall benefit of their community — either directly to town residents, or indirectly through efforts in promoting town activities, or working to keep the wheels of local government well-oiled.

In doing this, we hope to applaud those who are rarely recognized for their countless hours of service

On May 13, the Marion school hosted its first "Arts in Action" show for members of the staff and local artists. Among other interesting and unique displays were Russian Egg painting, bird carving, mural painting, flip-flop sandal decorating and portrait sculpture. Dozens of young children were also fingerprinted, interviewed and videotaped by the Masons as part of the CHIP program (CHildhood Identification Program).

The services will be followed by a Memorial Day Parade which will proceed to the Town Wharf, then to Cushing Cemetery and back to the American Legion Hall on Depot Street where refreshments for marchers will be served. from capsizing, the recipients of the Annual Wanderer Keel Award are recognized for their stalwart efforts in keeping the community on an "even keel."

• **MATTAPOISETT** – Seth Mendell, 28 North Street.

For generations the Mendell family has been a constant in the Town of Mattapoisett, and current resident and venerable town historian **Seth Mendell** continues to do his family proud by preserving his family's and community's rich, historic legacy. Not only was Mr. Mendell instrumental in getting residents to support the latest renovation of and expansion to the Mattapoisett Free Public Library, but he also recently made a successful pitch to voters on Town Meeting floor to support plans for a celebration in 2007 commemorating the 150th anniversary of the town — something his ancestors likewise did for the 50th and 100th anniversary celebrations.

Mr. Mendell has also shared his love of Mattapoisett's history through several published articles and booklets and he can often be found giving lectures to various civic groups on specific milestones over the town's century-and-a-half of history. There are few people prouder of Mattapoisett than Mr. Mendell.

Mr. Mendell will share this honor with past Mattapoisett Wanderer Keel Award recipients: **Maurice "Mudgie" Tavares** (1994); **Priscilla Alden Hathaway** (1995); **Norma Holt** (1996); **Gale Hudson** (1997); **Kenneth Stickney** (1998); **Clara Morgan** (1999); **Betty and Bert**

• **MARION – A. Lee Hayes, 61 Holmes Street.**

At any given committee or board meeting or social function in Marion, you're bound to see **Lee Hayes'** smiling face. Mr. Hayes is the textbook definition of a community volunteer and he has stepped up to the plate time and time again in various roles from the Finance Committee to the Marion 2015 Committee to the Water Study Committee. What's unique about Mr. Hayes' devotion to his hometown, however, is how much he seems to *enjoy* it. There may be those who devote as much time and effort to community service, but few seem to relish the satisfaction of their involvement as much as Mr. Hayes.

And Mr. Hayes hopes his devotion will likewise inspire further participation from the community. In accepting a recent community service award from the Board of Selectmen at the Annual Town Meeting, he noted: "Our volunteers in this town are the core of the core. I want to ask the next generation ... to stick your toe in the water and try it out. Whatever you do, you'll love it. The last 15 years have been the best of my life."

The Town of Marion could very well say the same of Mr. Hayes.

Mr. Hayes will share this honor with past Marion Wanderer Keel Award recipients: **Claire Russell (1994); Ralph and Phyllis Washburn (1995); Annie Giberti**

• ROCHESTER – Pamela J. Robinson, 103 Marion Road.

As volunteer curator at the Rochester Historical Society, Pamela J. Robinson has become the town's ersatz historian. Even before taking on the role of curator at the Historical Society when it first set up shop in the former East Rochester Congregational Church, Ms. Robinson worked to preserve her town's rich historic legacy. Her ongoing research and interest in the town's past has yielded two publications on Rochester history and she spends every Sunday afternoon during the summer months hosting tours of the museum — most of which is filled with displays and exhibits that she personally collected. She has also offered presentations and programs on Rochester history, and assisted with cleaning, restoring and taking inventory of the historic records kept in the Rochester Town Hall.

In nominating her for this honor, Dr. and Ms. Robert Higgins of Rochester noted: "(Ms. Robinson) is looked upon as a leader — a motivated and enthusiastic one." Likewise, longtime Rochester resident Helena Brown added: "She has boundless enthusiasm and interest for the (Rochester Historical Museum's) future."

### Excessive Thirst

*My dog is a 10 year old mutt. He has been drinking a lot more water for the past 6 months. At first I thought it was because the house was dry in the winter, but now I'm not so sure. Is this a problem?*

A change in the water consumption habits of either a dog or cat can be an important sign of illness. There are about 15 different disorders such as diabetes, kidney disease, and some hormonal problems that may present initially as increased thirst or excessive urination. It is very important to discuss a change in your pets water consumption with your veterinarian as a delay in diagnosis may result in a more severe illness.

This class is offered to residents to teach them proper procedures in the event of hurricanes, floods, snowstorms, and other natural disasters so that residents can assist the police and fellow residents.

At 6:12 pm the board met with Mary Ann Amoruso to request a permit to hold the annual Teen Wharf Dances at the Town Wharf during the summer months.

"What we are looking for is permission to hold ten dances on Holmes Wharf starting on June 22 and running through August 24, from 7:00 to 10:00 pm, with a police detail from 6:30 to 10:30 pm (each night)," Ms. Amoruso said.

Ms. Amoruso said they were required to hire four police details last year and she wanted to know if they could scale back to just three.

"I think we have a lot of kids attending the dance, so I think it's important to have four (police officers) on duty," Chief Lyons said. "You should have one police officer for every 100 people at an event ... sometimes you have 300 to 400 kids at that dance."

With that, the board unanimously voted to grant permission to Ms. Amoruso to hold the ten dances this year as requested.

Turning their attention briefly to the Skateboard Park, the board said they are hoping to have the fence repaired and the facility reopened soon given some recent

At 6:25 pm the board met with Danny White and Bob Gardner to discuss plans for the annual Mattapoisett Road Race on July 4.

"This is the 36th running of the race ... on Tuesday, July 4 this year," Mr. White said. "We're here to ask permission to use Shipyard Park as the starting and stopping point. The race will start at 9:00 am and we should be cleaned up and out of there by 12:30 pm."

He will also be checking with Fire Chief Ronald Scott about having the Mattapoisett Rescue Squad on hand in case any runners are injured during the event.

"I think we had about 850 runners who completed the race last year," Mr. White said.

"All of the proceeds from the race go to ORR (High School) graduates and we've given close to \$10,000 a year ... since the race began," Mr. Gardner said. "It's really become an extraordinary town tradition."

The board unanimously granted permission to the Mattapoisett Road Race Committee to hold the 36th

running of the annual race on July 4 as requested.

Moving on, the board first offered congratulations to Town Clerk Barbara Sullivan for recently achieving the status of "Certified Municipal Town Clerk" from the state. Then Selectman Lombard thanked Ms. Sullivan and all town officials, along with town voters, for attending the recent Annual Town Meeting.

"I want to thank everyone for attending that marathon (Annual) Town Meeting," Selectman Lombard said. "It was a long meeting that lasted four to five hours a night for four nights straight. The residents of town deserve (credit) for staying."

"We had over 200 people (attending) each night," Ms. Sullivan added.

In response to a letter from the Florence Eastman Post 280 American Legion expressing concern over the removal of the Civil War era memorial cannon from its library location, the board voted to send a letter to the Mattapoisett Board of Library Trustees urging that all the existing war memorials located at the Mattapoisett Library site remain intact and on land so designated by Town Meeting voters.

"I will say as a member of the American Legion, (they'll move that monument) over my dead body," Selectman Andrews said. "Money was set aside at Town Meeting specifically (to purchase land on that site) for a war memorial."

past service to the COA.

Resident Duane Smith next asked the board if there was any way to at least make some needed repairs to the Harbormaster's Building located at the Town Wharf, even though Town Meeting rejected a proposal to expand and renovate it. She felt that with the pending 150th Anniversary Celebration slated for 2007, it would be to the town's benefit to at least spruce it up.

"I think we have to maybe look at preserving what we have ... I'd like to form a committee to see if we can't get community service to do some of the work," Ms. Smith said. "I just think we can do better with those bathrooms and I think we can get townspeople to help."

The board agreed with her suggestion to form a volunteer committee for this purpose and supported her efforts to proceed as chairman.

There being no further matters to come before the board in Open Session, they unanimously voted to go into Executive Session at 7:13 pm to discuss pending litigation. They would thereafter adjourn for the evening.

## ATTENTION DRIVERS

If you are involved in a collision you have the right to have your investment, your vehicle, repaired at a shop of your choice. Your insurance company may suggest a list of repair shops. Do not be persuaded by this list, it is not a guarantee of quality of services, nor does it limit your options. You want a shop who will work for you and with you to put your vehicle back to pre-accident condition. **COLLISION SERVICES OF MARION, INC.** is a licensed, bonded, registered repair shop with the state of Massachusetts. We work with all insurance companies to expedite your repairs. The important thing to remember is we repair the vehicle for you, our customers, not the insurance companies. So remember, if the need arises, contact **COLLISION SERVICES OF MARION, INC.** to get back on the road.

## Here's some exciting news to share with you!

Recently I was granted the Quality Service Certified® designation, which is the real estate industry standard of superior service for home buyers and sellers. This is a major step toward ensuring that my clients will consistently receive service that is reliable, accountable, responsive and exceptionally satisfying.

Unlike any other professional designation in the real estate industry, Quality Service Certified® can only be maintained by meeting or exceeding rigorous standards of service delivery every time a customer is served. Every home buyer and seller I work with receives a Quality Service Guarantee that spells out exactly what I will do for them. After the sale they have the opportunity to evaluate my service through a Service Assurance Survey® conducted by an independent research firm.

If you have any real estate needs, or know anyone who does, please give me a call - you'll be very happy you did!

### Letters to the Editor

#### To the Editor:

The Board of Library Trustees and staff of the Plumb Memorial Library in Rochester would like to acknowledge the volunteer effort of Boy Scout Troop #31 and members of the Green Ways Committee of Rochester.

On Saturday, May 10, seven boys and their troop leaders helped members of the Green Ways group to clean up and beautify the gazebo area at the Plumb Library. The landscaping was in dire need of a little TLC and both of these groups really stepped up to the plate. Thanks to their efforts, everyone can enjoy some quiet time in the beautifully manicured and decorated gazebo.

A big thanks go to Troop Leaders Don Collasius and Peter Despres for bringing and motivating the boys. The members of the troop are Corey Howard, Carl Dias, Kris Johansen, Sean Daniel, Andrew Despres, and Ben Carter. A special thanks also goes to Susan Adams and Susan Peterson for their hard work and to Bunny Mogilnicki for her whimsical floral decorating of the gazebo.

Materials for this area were provided by the Friends of the Library and mulch was donated by Max Lawrence of Sunnynook Farms.

The Board of Trustees invite members of the community to use this area for photos during the upcoming prom season and for weddings.

Sincerely,

Olivia Melo, Director

### To the Editor:

There has been much turmoil and some hysteria of late in Rochester over the Historic District. No matter which side you come down on, I want you to think about why you moved to Rochester to begin with. If it was because it was a quaint rural town with rural traditions, then think about the consequences of removing the Historic District: Wal-Mart at Plumb Corner — no more Rochester Country Fair. Stop and think about what you are doing. Do you want to retain the rural character of the town, or do you want to live in a town like Wareham or Fairhaven? If you're upset with the Historic District Commission, then replace its members, but don't throw out the District which protects Rochester Center.

You need to vote to keep the town the way it is. Attend Town Meeting on June 5 at 7:00 pm at Rochester Memorial School.

Sincerely,  
**Amy Johnson**

ducting a Community Emergency Response Team (CERT) class. This CERT class will start on June 8, 2006 and end on July 18, 2006.

The class is open to all Mattapoisett residents, 21 years of age and older.

Persons completing the course will have an understanding of how the Police Department functions and trained to assist the Police Department during catastrophic disasters, hurricanes, and snowstorms.

When there is a disaster, emergency services personnel will not be able to help everyone immediately, so you can make a difference by using the training taught to you to save lives and protect property.

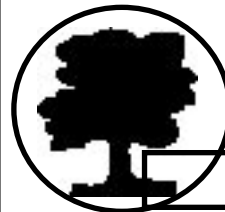

The training covers basic skills that are important to know in a disaster when emergency services are not available. With the training and practice and by working as a team, you will be able to do the greatest good for the greatest number of people after a disaster, while protecting yourself from becoming a victim.

Applications for the CERT class can be picked up at the Mattapoisett Police Station and must be returned no later than June 6, 2006.

For more information, please call Officer Mitch Suzan, Mattapoisett Police Department, at 508-758-4141, or e-mail orrsro@yahoo.com.

holding a spring-for-fall registration session on Wednesday, June 7, from 2:30 pm to 4:30 pm and also from 6:00 pm to 8:00 pm at the Rochester Memorial School. Girl Scout registration is open to all girls entering Kindergarten through Grade 12 in the fall. Registration forms will be available at the event or can be obtained online at [www.gscsm.org](http://www.gscsm.org). A low-cost, annual \$10 membership fee opens the doors to theater, computer science, camping, outdoor education, art, music, sports, great fun and more as well as opportunities to work with a group of their peers to plan and carry out meaningful service activities for their community.

Girl Scout activities aim to give girls the chance to develop to their fullest potential, relate to others with increasing understanding and respect, develop meaningful values to guide them in sound decision-making, and contribute to the improvement of society, all while building friendships and having lots and lots of fun. Rochester Daisy Girl Scouts (Kindergarten) have delivered beautiful handmade cards to a local nursing home on special occasions and visited local fire/police stations. Rochester Brownies (Grades 1 to 3) have helped to prepare food baskets for the needy at Thanksgiving and participated in town clean-up efforts. Rochester Junior Girl Scouts (Grades 4-6) have served food at a local soup kitchen and planted flowers around town. Rochester Teen Girl Scouts (Grades 6-12) have had the opportunity to collaborate with neighboring towns in service projects to help make

## Rochester Country Fair

### Days of Yesteryear

The Rochester Country Fair will be celebrating the "Days of Yesteryear" as the theme for the town's seventh annual Country Fair slated for August 16 - 20, 2006. This will be a "blast from the past"!

The Fair Committee is planning on integrating some new events into the fair that will coincide with this year's theme. Among the new events will be a "Family Movie Night Under the Stars." The old-fashioned movie night will take place on Saturday, July 22.

They will also introduce a "From the Attic Photo Exhibit" and "Then and Now Photo Contest," Baby Carriage Contest, Sock Hop Dance with The Relics, and a Bobcat Rodeo which is sponsored by Bobcat of Cape Cod. The town's favorite local band, The Relics, is also coordinating a Yesteryear Costume Contest following the parade!

Participants in the Parade and Costume Contest are welcome to represent something from the "Days of Yesteryear." It can be an era (the Roaring '20s or the Fabulous '50s); a popular TV show (*Happy Days*, *Little House on the Prairie*); a band or musician (The Beatles, Elvis); or a culture, person or event in time. The possibilities are endless!

This year's fair will also bring back other popular events such as the Town Ball Game, Woodsman Show, Tractor Pull and Show, Frog Derby, Bicycle Parade, Car

## Chiropractic: Allergies and Sinuses??

### Step into the reception room at **MARION FAMILY CHIROPRACTIC**

You will see a three year old who has spent most of his life on steroids, inhalers, and antibiotics for recurrent infections and breathing problems. His parents are concerned about the effect that will have on the development of his immune system, and are looking for an alternative to help his body work better naturally.

You will see a pregnant woman who does not want to take medications for her chronic sinus infections. She heard that chiropractic care can help, and now, for the first time in years, is relieved of the pain and pressure in her head.

You will meet an active four year old who two years ago was taking 15 different medications for asthma, allergies, and hives. He is now medication free.

You will see a teacher who came to Marion Family Chiropractic for sinus headaches that were worse with any weather change. When she gets adjusted, she immediately feels the pressure release from her sinuses within seconds.

You will meet a family who began chiropractic care last summer, and spent this entire school year without a sick day for any of their children. They are now noticing that this spring's pollen isn't bothering them.

You will meet a woman who loves to garden, but lately had been having more trouble with allergies. She began chiropractic care last winter for sciatica, and is now noticing that she's even able to mow her lawn without sniffing.

How does chiropractic care help with problems like allergies and sinus infections?

"More than anything," Dr. Alicia Crabbe explains, "chiropractic care is about re-establishing normal communication in the body."

Chiropractic care helps allergies and sinus infections by opening up nervous system pathways that allow the body to properly communicate, rather than over reacting to things like pollen and other environmental stressors. At Marion Family Chiropractic, each person's comprehensive care plan includes nutritional and supplement advice that helps to resolve immune system problems naturally.

been widely published. Featured annually in the "2" Collection on WGBH, his work graced the cover of their 2000 catalogue. He currently lives and works in Plymouth.

Andrew Kusmin said: "In my first experience with watercolors more than twenty years ago, I found that painting provided stress-relief from my daily grind as a dentist ... I never planned for this "hobby" to evolve into a full-time career. Since giving up my dental practice nearly a decade ago, I have immersed myself fully in the world of watercolors ... Although grounded in realism, it is distinct abstract design, bold color and light that are the primary elements used to lure the viewer into my paintings. For me, the play of light on an object or scene is the catalyst that sets an idea in motion ... I am inspired to compel you to pause and really consider the story of life contained in single moments and mundane objects ... These small moments are often lost in the rush of life; I find joy in freezing these instants for further examination."

Both galleries at the Marion Art Center are open to the public Tuesday through Friday, 1:00 to 5:00 pm and Saturdays, 10:00 am to 2:00 pm. Admission is free. The Andrew Kusmin exhibition and sale runs through June 14.

## ORR Survival Program

Once again, many of the Old Rochester Regional Junior High School seventh graders are preparing for the annual Survival Experience, which is the culmination of their seventh grade curriculum. This year, the trip will begin on Sunday, June 4 and continue through Saturday, June 10. The trip is a very challenging outdoor education/outward bound experience that takes place for six days in Northfield, MA. Horace and Karen Field, from Mattapoisett, allow ORR to use their scenic land as a base camp for the program. The area can accommodate up to 110 seventh graders who are supervised by 40 or so chaperones. This represents about 6,000 volunteer hours of work, every year, by the chaperones to organize, train and carry out the expedition.

This will be the 34th annual happening of this well-known experience. It is estimated that over those 34 previous years and including those who plan to participate this year there will have been approximately 3,500

June 8, 2006 @ 7 Pm

The Kinsale Inn, Mattapoisett, MA

Come listen and learn from an experienced Guide and Captain as he explains some tricks of fishing plastic baits throughout Buzzards Bay and the Elizabeth Island chain.

Captain Mike Hogan is a lifelong resident of Cape Cod and has fished the waters of Buzzards Bay and Vineyard sound for over 20 years. As a successful light tackle guide he has landed numerous fish along these islands with a high rate of success. As well as being a G-Loomis endorsed guide, Captain Mike has recently started a lure manufacturing company. The Hoky Lure is a large, soft plastic bait which is hand poured and easily rigged. Captain Mike will explain the numerous ways that these lures can be fished and rigged. Come and enjoy the evening learning about fishing Buzzards Bay and the Elizabeth Islands from an experienced pro who has written for and been featured in magazines like *On The Water* and *The Fisherman*.

For more information or to become a member of The Buzzards Bay Anglers Club visit our web site or speak to any board member on the evening of the seminar series.

"Survivors" who have completed the week-long outdoor experience. Many have returned through their high school and college years as chaperones. It has truly become a community-supported program within the tri-town area.

In continuing that support, as you begin your spring cleaning and come upon a long unused backpack (in good condition) or any other unwanted camping gear, the Survival Advisory Board would greatly appreciate donations of any kind. These donations help ensure that all of our young people who wish to participate in the program will have the means to do so. If you would like to donate equipment or money to support the program, simply call Rory McFee, Susan Wheeler or Judy DeMaily at 508-758-4928, or drop the items off at the main office at ORR Junior High School.

## CELEBRATE TAX FREEDOM DAY.

Did you know that prior to April 26, 2006, most Americans were actually working for Uncle Sam? It's true. On average, it took almost four months to earn enough to pay your 2006 income taxes.

If you want to help make your personal Tax Freedom Day come earlier in 2007, consider:

- Federal income tax-free municipal bonds<sup>1</sup>
- Tax-deferred traditional IRA contributions
- Investments that pay qualified dividends, which are taxed at a maximum of 15%<sup>2</sup>

**Pay yourself more and Uncle Sam less.**

<sup>1</sup>May be subject to state, local and/or alternative minimum taxes.

<sup>2</sup>Expires Dec. 31, 2008.

Dividends can be increased, decreased or totally eliminated at any point without notice.

**Call or visit your local investment representative today about ways to help make your Tax Freedom Day come earlier this year.**

## Food for Thought at ORR

The Marion Institute invites the public to join in a discussion on food and nutrition titled "Food for Thought: Making Healthier Food Choices In Our Homes and In Our Schools." The talk will take place Thursday, June 8 beginning at 6:30 pm at Old Rochester Regional High School, 135 Marion Road, Mattapoisett, and is presented by the ORR Nutrition Committee and sponsored by the Marion Institute.

John Turenne, Former Executive Chef/Director for Sustainable Dining at Yale University, will lead a discussion in how we can make healthier food choices for our families — both at home and in our schools. The President and Founder of Sustainable Food Systems, LLC, Mr. Turenne is nationally recognized for his innovative leadership approach in an extensive senior management and culinary career that has encompassed over 25 years in the food industry.

"As a longtime institutional food service chef and manager, I never gave much thought to my work beyond the bottom line," Mr. Turenne said. "I have since come to realize that all those decisions we make about food impact a whole lot more than profits or losses. The livelihood of our local economy, the health of our planet and ultimately

The Marion Institute is working with Dr. William Cooper, ORR School Superintendent, to create a school menu that would be healthier for students without increasing overall food costs.

"The Old Rochester Regional Schools and the Massachusetts Superintendency Union 55 Elementary Schools are making a concerted effort to have the school lunch programs be successful in terms of their contribution to the health of the students and as self-supporting initiatives during this period of restricted budget resources," Dr. Cooper said. Daniel, is a 25-year-old Mattapoisett resident and graduate of Old Rochester Regional High School who is in need of your support. On December 4, 2005 Andrew was driving east on I-195 when a vehicle traveling west crossed the median strip and collided head-on with his vehicle.

Andrew's injuries were life-threatening and he had to be transported by MedFlight to Brigham and Women's Hospital in Boston.

No doubt wearing his seatbelt saved his life, but his injuries were still quite severe. He is now on a long road of recovering from many internal injuries and fractured bones. The past few months have been quite rough for Andrew, and he has been through many procedures and surgeries and may still need to have more in the fu-

The donation is \$20 per person and the event will feature food, music, raffles, door prizes and more. For more information or tickets, please call 508-758-4382.

## Buzzards Bay Regatta

Sailors may now register online for the 34th Buzzards Bay Regatta (BBR) as the [www.buzzardsbayregatta.com](http://www.buzzardsbayregatta.com). This year's three-day event will take place on August 4, 5 and 6, 2006 and will be hosted by the Beverly Yacht Club in Marion.

With fifteen classes racing, BBR is the largest multi-class regatta in the United States. There will be 13 classes racing out of Sippican Harbor: J/22, J/24, J/80, J/105 & J/109, Shields, Club 420, Vanguard 15, Bullseye, PHRF (Race and Cruise), IRC and Multihulls. Both Laser Standard and Laser Radial will race out of the Community Boating Center of New Bedford directly off Fort Taber. Both locations are considered to be among the best sites for racing sailboats in New England.

Over 400 boats and 1200-plus sailors attend BBR which is known for its challenging conditions and international level race management. "We're lucky enough to run an event in an ideal location where great sailors get a fair test of their skills and then some," said Dan Cooney, Chairman of BBR 2006. "Fast fleets, big breeze and strong race management — that's what Buzzards Bay is all about."

This year, *iboattrack* created by Horizon Marine of Marion is the Presenting Sponsor and will provide transponders to track the J105 class. Competitors will be able to watch the replay of their performances on the *iboattrack* monitor back at the Club which will add an exciting dimension to this year's on-shore activity. In addition, BBR is proud to have the support of the three Circle Sponsors: Mount Gay Rum, West Marine and Vanguard Sailboats.

BBR alternates locations each year between the New Bedford Yacht Club in South Dartmouth and the Beverly Yacht Club in Marion. The two clubs work with members from other sponsoring clubs: Mattapoisett Yacht Club and Low Tide Yacht Club. In all, over 200 volunteers run the event. Anyone wishing to get involved is welcome to contact the BBR at [info@buzzardsbayregatta.com](mailto:info@buzzardsbayregatta.com).

The BBR website provides all the official information, NOR and other racing details. The website now has new BBR merchandise featuring this year's commissioned race design ready for racers to order. Please go to [www](http://www.buzzardsbayregatta.com).

## Rochester DARE Graduation

The Rochester Police Department and the Rochester Memorial School will be hosting a DARE Graduation Ceremony. Eighty-seven sixth grade students will be taking the DARE Pledge to stay off drugs as they graduate from the elementary ten-week DARE (Drug Abuse Prevention Education) Program. Given the national profile of DARE graduates, it's likely that they'll keep the pledge for good.

Under the direction of Patrolman Kevin Flynn, these students have learned the skills they need to avoid drugs, alcohol and violence. The classes include extensive role-playing with officers on practical ways to resist pressure to experiment with drugs and alcohol, and join gangs. The DARE lessons focus on four major areas: providing accurate information about alcohol and drugs, teaching students decision-making skills, showing them how to resist peer pressure, and giving them ideas for alternatives to drug use and violence.

DARE began in 1983. It is now taught in more than 300,000 classrooms in 50 states and 53 countries around the world. After an absence of several years, it was reintroduced through the efforts of Police Chief Paul Magee in Rochester's Memorial School in February of this year as a joint effort of the school and the Rochester Police Department. All of the sixth grade students have worked very hard and have been active participants in the DARE Program.

The DARE Graduation Ceremony will take place at 9:00 am on Tuesday, May 30 at Rochester Memorial School, 16 Pine Street in Rochester.

# Marion Candidates Forum

*With the town facing inevitable budget constraints and/or reductions in state aid, how would you approach fiscal spending if (re)elected?*

**Roger F. Blanchette, Candidate**

**Marion Selectman (3-year term)**

"I would look to the Finance Committee and its leadership to bring to the Selectmen a plan, which could then be presented to Town Meeting for approval."

**David K. Pierce, Incumbent**

**Marion Selectman (3-year term)**

"During these difficult financial times, it is imperative to keep spending increases to a minimum."

*What do you think of the Chapter 40B development projects being proposed in Marion?*

**Roger F. Blanchette, Candidate**

**Marion Selectman (3-year term)**

"The projects are too dense, they would be more appropriate if the number of units were reduced to accommodate the size of the land."

**David K. Pierce, Incumbent**

**Marion Selectman (3-year term)**

"Marion needs to provide more affordable housing options for its elderly and for those town and school employees who wish to live in town."

*What is your opinion of the controversy over the recent staffing changes recommended by the Town Administrator?*

**Roger F. Blanchette, Candidate**

**Marion Selectman (3-year term)**

"Handled properly, there may not have been a controversy. Quotes from the Town Administrator: 'I did not seek their consent, 'I did not expect their consent,' 'I did not need their consent.' This is absolutely no way to treat the elected representatives of the Town of Marion."

**David K. Pierce, Incumbent**

**Marion Selectman (3-year term)**

"I agree in principle with the changes recommended. It was how these changes were brought about that caused considerable controversy."

*How do you respond to the need for a new Marion Police Station and the fact that voters have previously failed to fund it?*

**Roger F. Blanchette, Candidate**

**Marion Selectman (3-year term)**

"Marion has a great police force that deserves better facilities. I feel that the voters are more educated to the needs and will vote to fund it."

**David K. Pierce, Incumbent**

**Marion Selectman (3-year term)**

"Many residents do not know how inadequate the existing station is and how great a need there is to have more updated facilities."

*What are the most important qualities which make you the ideal candidate for this position?*

**Roger F. Blanchette, Candidate**

**Marion Selectman (3-year term)**

"I have the business experience and the commitment to be an independent voice, providing leadership, integrity, communication and honesty."

**David K. Pierce, Incumbent**

**Marion Selectman (3-year term)**

# MOVIE REVIEW

## Gyp Code

By Rob Gonsalves  
<http://robsreviews.cjb.net>

***The Da Vinci Code*. Starring Tom Hanks and Audrey Tautou. Directed by Ron Howard. Running time: 146 minutes. MPAA rating: PG-13.**

Dan Brown's mega-bestseller *The Da Vinci Code* presents some fairly radical ideas inside a standard puzzle-box thriller. To make the medicine go down even smoother, the film version reunites the whitebread couple Tom Hanks and director Ron Howard, both of whom you would trust to help your grandmother across the street. Their presence guarantees a safe and unobjectionable evening at the movies. What it doesn't guarantee is any excitement. In 1993, director Sydney Pollack made the dire mistake of adapting John Grisham's potboiler *The Firm* as a shadowy and serious melodrama, and Ron Howard has duplicated that error here: Whereas Brown's novel has been described as dumb fun, the film is no fun at all.

Sporting a ghastly medium-long haircut that suggests a man with little time to look in the mirror, Hanks mainly phones it in as noted symbologist Robert Langdon, who becomes a suspect in the murder of a Louvre curator. Langdon inspects the corpse, and the elaborate self-inscribed codes and symbols on and near the corpse, and concludes that it *means something*. But what? Ultimately, the plot's litany of hidden messages leads to shocking evidence that Jesus Christ was not the son of God, that he married Mary Magdalene, and that the church was supposed to be pagan and goddess-centered, not monotheistic and paternalistic. Have I lost you yet? There's also a self-flagellating albino assassin (Paul Bettany) who kills people on orders from the ultra-strict Catholic sect Opus Dei, which wants to keep that evidence secret at all costs. Still with me?

Any movie with a skulking albino assassin *begs* for campy, self-aware treatment, but Howard and scripter Akiva Goldsman serve it all up straight-faced. The studio has corralled what used to be called an international cast — Audrey Tautou, from *Amelie*, plays a "police cryptographer" who helps Langdon; Sir Ian McKellen limps into the film as some sort of historical expert and delivers great chunks of exposition with wry aplomb; Jean Reno and Jurgen Prochnow (oddly playing a Frenchman — did Howard decide that two French film stars were enough) turn up; Alfred Molina chews some scenery as a shady bishop. They all look lost in the wind produced by all the dead-serious theologizing and philosophizing. *The Da Vinci Code* bids fair to be the talkiest, least engaging number-one box-office hit since, well, *The Firm*.

Flailing to make Brown's art history cinematic, Howard inserts grainy black-and-white flashbacks, sets our heroes wandering through a town square filled with murky historical figures, repeats his *A Beautiful Mind* gimmick of visualizing the lead's unique way of deciphering numbers. For the most part, though, you could safely close your eyes and get the same experience you would from listening to the audiobook. Your eyes may close anyway, though, as the characters scurry around, doing Google searches aboard a bus or escaping in the backs of vans or cars. An action director Ron Howard is not, Exhibit A being the incomprehensibly staged and edited car chase backwards through a crowded Paris street. Howard made his name in comedies, and *The Da Vinci Code* plays to none of his strengths — aside from a few bits from McKellen, there isn't a laugh (not intentional, anyway) to be found in the film's yawning two hours and twenty-six minutes.

Not having read the book (I gave up on it after about fifteen pages, insulted by the fifth-grade reading level it appeared to be pitched at), and having no particular team to root for in the great theological Super Bowl, I approached *The Da Vinci Code* solely as a movie. I wasn't concerned with how faithful an adaptation it was, or how credible its thesis was; the many recent magazine cover stories on the alleged flaws in Brown's premise have gone ignored by me. I just don't *care*. The movie failed to make me care. At the very least, what *The Da Vinci Code* says about Jesus and the Church makes for fun speculation, and when Ian McKellen comes on and shows the supposed hidden messages in "The Last Supper" the movie comes close to being the cracking good yarn it should've been. *The Da Vinci Code* needed a rousing, controversial director like Oliver Stone, who would've stirred things up and shaken some foundations. What we get here is very much in the Ron Howard mold — a movie scared of its own shadow, afraid to stand up for its beliefs, and apparently deathly afraid to be entertaining.

# INNER VIEWS

## South Coast Scenery

By Kenneth J. Souza  
news@wanderer.com

In reading over the promotional material for the stunning new volume titled *South Coast Massachusetts* (Commonwealth Editions, 128 pages, \$29.95), a collection of photographs by Marion resident Robert N. Linde, I had to nod in agreement when I read that Cape Cod gets more ink, but in many ways it is the gateway corridor stretching from Westport to Wareham that deserves recognition for its remarkable and unique scenic settings. It's sort of like that beautiful entry foyer that everyone marvels over but soon forgets once they're settled into the living room.

Thankfully, Mr. Linde's assembled 115 color photographs serve as an effective reminder of what makes southeastern Massachusetts so beautiful. The eye-catching hardcover volume is neatly broken down into four sections, beginning with "Gateway," which focuses on the communities of Onset and Wareham at the head of Buzzards Bay and serving as the ersatz "entrance" into Cape Cod. Mr. Linde's vivid camera lens takes in this area's beautiful beaches and thriving vacation communities.

Next up is our own little tri-town corner of the world chronicled under the ample "Old Rochester" section of the book. Through several photographs of idyllic scenes within Marion, Mattapoisett and Rochester, Mr. Linde has perfectly captured what many of us have known for some time: that the tri-towns remain one of the Commonwealth's best-kept secrets. From church fairs to busy harbors to country hayrides, the tri-towns are the essence of what we've come to know as "small town America."

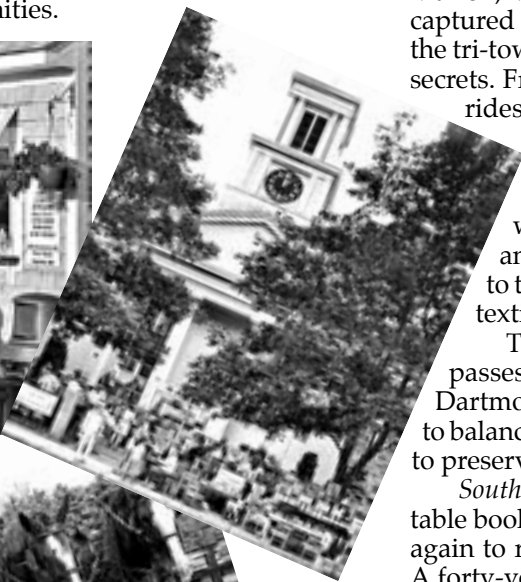

In the book's third section, titled "Working Harbor," Mr. Linde focuses his eye on the bustling waterfront communities of Fairhaven, Acushnet and New Bedford — all of which have historic ties to the whaling industry, shipbuilding and repair, and textile manufacturing.

The last section of the tome, "Country," encompasses the rural and former farming communities of Dartmouth and Westport, both of which have managed to balance continued growth with an ongoing commitment to preservation and open space.

*South Coast Massachusetts* is one of those great coffee table books you find yourself thumbing through again and again to recapture memories of your favorite local places. A forty-year resident of the South Coast area himself, Mr. Linde has done his hometowns proud with this picture-perfect dossier of life along a corridor that should no longer be viewed as simply a preface to Cape Cod, but every bit her equal.

*Author Robert Linde will be signing copies of South Coast Massachusetts on:*

- Saturday, June 10 from 10:00 am to 1:00 pm at The Bookstall in Marion (508-748-1041);
- Friday, June 16 from 6:00 to 10:00 pm at The Marion Art Center (508-748-1266); and
- Saturday, July 1 from 10:00 am to 2:00 pm at Rogers Gallery in Mattapoisett (508-758-3641).

Marion photographer and author Robert Linde captured these familiar tri-town scenes for his new book *South Coast Massachusetts*.

## SALOME'S STARS

**ARIES** (March 21 to April 19) Home conditions still demand attention. Also, keep an open mind about a sudden question of trust involving a close friend. All the facts are not yet in.

**TAURUS** (April 20 to May 20) With summer just around the corner, travel begins to dominate your sign. Make plans carefully to avoid potential problems in the first half of June.

**GEMINI** (May 21 to June 20) A romantic Libra sets a challenge that your "sensible" side might question, but your idealistic self finds the prospect too intriguing to resist. The choice is yours.

**CANCER** (June 21 to July 22) Those tense times in your personal life are just about over. Concentrate on reaffirming relationships. Your love of travel opens a surprising new opportunity.

**LEO** (July 23 to August 22) The Big Cat usually loves to be in the center of things. But this week it might be wiser to watch and learn from the sidelines. A Pisces wants to make you purr.

**VIRGO** (August 23 to September 22) "New" is your watchword this week. Be open to new ideas, both on the job and in your personal life. A romantic Aries or Sagittarian beckons.

**LIBRA** (September 23 to October 22) Some difficult family decisions have to be faced, but be sure to get more facts before you act. Be careful not to neglect your health during this trying time.

**SCORPIO** (October 23 to November 21) You still need to support a loved one through a difficult time. Meanwhile, things continue to work out to your benefit in the workplace.

**SAGITTARIUS** (November 22 to December 21) Aspects continue to favor expanding social opportunities. A Gemini reaches out to offer a chance for re-establishing a once-close relationship.

**CAPRICORN** (December 22 to January 19) There's a potential for misunderstanding in both your job and your personal life. A full explanation of your intentions helps smooth things over.

**AQUARIUS** (January 20 to February 18) You might be feeling restless on the job, but delay making any major moves until all the facts are in. A Scorpio has a surprising revelation.

**PISCES** (February 19 to March 20) Your business sense works to your advantage as you sort through the possibilities that are opening up. A Libra is Cupid's best bet for your romantic prospects.

**BORN THIS WEEK:** You have a gift for being open-minded about people. This helps you make friends easily. You do very well in public service.
